An unauthorized debit means an electronic fund transfer from a consumer's account initiated by a person who was not authorized by the consumer in writing to initiate the transfer. An electronic fund transfer in an amount greater than that authorized by the consumer or which results in a debit to the consumer's account earlier than that authorized by the consumer also is an unauthorized debit. An unauthorized debit does not include an electronic fund transfer initiated with fraudulent intent by the consumer or any person acting in concert with the consumer.
